

F. No.GAD-VIG0ADM/64/2021-09 (C.No.103216)
Government of Jammu and Kashmir
General Administration Department
(Vigilance)

Civil Secretariat, Jammu/Srinagar
Dated:29th December, 2023.

Subject:- Filing of Annual Property Returns by J&K Government Employees through online Property Return System (PRS).

Notification

In terms of Circular No. 36-JK(GAD) of 2023 dated 21.12.2023, all employees of Government of Jammu & Kashmir have been advised to file their Property Returns for the year 2023 from 1st January, 2024 upto 31st January, 2024 on PRS Portal, which is accessible on <https://prs.jk.gov.in>.

In order to ease out and further simplify the process of filing property returns by the employees, the following features have been incorporated in the system:-

- **Import Previous Year's Data:** This feature shall allow auto retrieval of property statement data filed in previous year and shall automatically be reflected in Property Statement form of current year, which can further be edited/ updated for any addition or deletion. A step wise procedure in this regard is explained in "**Annexure-A**" to this notification.
- **Multi Factor Authentication:** This is an electronic, two factor authentication method in which a user is granted access to the Portal after entering multiple factors. This shall be done by using Google Authenticator Application on mobile phones. A step wise procedure in this regard is explained in "**Annexure-B**" to this notification.

(Roopali Arora) JKAS,
Under Secretary to the Government.

Logging in using MFA (Multi factor Authentication)

Multi-factor authentication (MFA; two-factor authentication, or 2FA, along with similar terms) is an electronic authentication method in which a user is granted access to a website or application only after successfully presenting two or more pieces of evidence (or factors) to an authentication mechanism. MFA protects personal data—which may include personal identification or financial assets—from being accessed by an unauthorized third party that may have been able to discover, for example, a single password.

Setting up MFA

Step 1 - Install the Google Authenticator app

The first step to start using MFA is to install Google Authenticator app on your mobile phone (Google play store for Andriod users and apple store for IOS users).

Step 2 – Log in to your PRS Account

The next step would be to login to your account and click on set MFA which will appear by clicking on the right hand side of the screen as shown below.

The screenshot displays the PRS application interface. On the left is a dark sidebar with a user profile icon and 'MAIN NAVIGATION' links for 'Dashboard' and 'Help'. The top header is purple with 'PRS' on the left and 'Help' with a user icon on the right. The main content area has a light blue header with 'Apply' and 'Manage' tabs. Below this, a message states 'No active notification remains unapplied by you'. A table lists notifications with columns: Form No, Description, Notification Start Date, Submission Start Date, Notification End Date, Is Active, and Is Submitted. The table contains five rows of data. To the right of the table, there are buttons for 'Update Account Info', 'Change Password', 'Sign out', and 'Set MFA'. The 'Set MFA' button is highlighted with a black box and a mouse cursor. Below the table, there are three 'Download Form' buttons corresponding to the last three rows of the table.

Form No	Description	Notification Start Date	Submission Start Date	Notification End Date	Is Active	Is Submitted
40	tkk2 tkk2	01/01/2023	31/01/2023	31/01/2023	No	Not-Submitted
38	test1 tit	01/01/2023	31/01/2023	31/01/2023	No	Not-Submitted
36	PRS PRS 2022	02/02/2022	22/09/2022	22/09/2022	No	Submitted
32	5 VCS	03/04/2022	04/04/2022	31/07/2022	No	Not-Submitted
28	test1 test1	01/03/2022	17/03/2022	31/03/2022	No	Not-Submitted

Step 3 – Setting up MFA Key

Once you have clicked on Set MFA button, screen shown below will be displayed wherein you can set up MFA key by entering your account password and click on show QR image.

PRS

Help

User MFA Manage

Home > User MFA

To use this feature download Google Authenticator app on your smart phone and scan the below QR Code. Then use the pin generated in the app in place of OTP after logging in using password in PRS.

MFAKey

Verify PIN

Show QR Image

Verify PIN

Step 4 – Entering OTP

After having clicked on Show QR image button, you will receive an OTP (on time password) on your registered mobile number.

Enter OTP and click on Show QR image button.

PRS

Help

User MFA Manage

Home > User MFA

To use this feature download Google Authenticator app on your smart phone and scan the below QR Code. Then use the pin generated in the app in place of OTP after logging in using password in PRS.

Show QR Image

Verify PIN

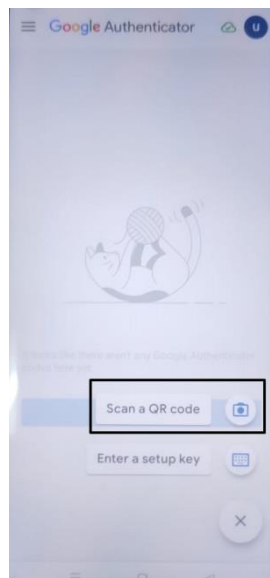

Step 5 – Scanning QR Code

Once you have clicked on show QR image button, screen with QR code will be displayed.

Step 6 – Using Google authenticator app

Scan the QR code using Google authenticator installed in your mobile phone by clicking on Scan a QR code button.

Once you have clicked on Scan button, screen will be ready to read the QR code and MFA key will be displayed once the QR code is scanned.

There will always be a different MFA key which will get expired after certain period.

Logging in to Your account using MFA key

Now that MFA key has been set for your account, you can log in to your account by providing your CPIS Number, Password, enter captcha and click on 'Login using MFA button'.

A screenshot of a web login page titled 'Login to EMPLOYEE account'. It contains three input fields: 'CPIS Number' with a barcode icon, 'Password' with a lock icon, and a captcha field showing the characters 'f1542' on a blue textured background. Below the captcha is a text prompt 'Enter the characters as shown in the image above'. At the bottom, there are two buttons: a blue 'Login' button and a green 'Login using MFA' button. The 'Login using MFA' button is highlighted with a black border and a yellow hand cursor icon. A 'Forgot Password?' link is located at the bottom right.

Once you have clicked on 'Login using MFA', screen wherein you need to enter MFA key will appear.

The screenshot displays the 'Property Return System' interface for the 'General Administration Department (GAD), J&K Government'. The header includes the state emblem and navigation links: Help, Search Property Details, DDO Registration, Admin Login, Employee Registration, and Employee Login. The main content area shows a 'Login to 1' dialog box with an input field labeled 'MFA' containing a placeholder 'MFA' and a clear icon. Below the input field are 'Login' and 'Back' buttons. A red note at the bottom states: 'NOTE: OTP has been enabled on email also. Please check your email for OTP if you fail to receive OTP on your mobile number.'

Enter MFA key shown on the goggle authenticator app and click on Login.
